General Instructions:

This form includes four sections of questions that ask about your *current* experiences with your speech and stuttering. For each question, please circle the number that applies to you. Please try to answer *every* question. If a question does not apply to you, please check the box and move on to the next question. If you are not sure how to answer any of the questions, you may ask for help. An adult can read the test to you if you would like.

Scoring: For Office Use Only

Instructions for Clinicians:

- Calculate Impact Scores for each of the four sections on the OASES-S by first summing the number of points in each section (A) and then counting the number of items completed in each section (B). Divide the total number of points (A) by the number of items completed (B) to obtain the Impact Score.
- Calculate the Overall Impact Score by summing the numbers in columns (A) and (B) at the bottom of each column. Divide the sum of (A) by the sum of (B) to obtain the Overall Impact Score.
- Impact Scores range between 1.0 and 5.0. Circle the Impact Rating that corresponds to the score for each section and for the Overall Impact.

	Impact Score			Impact Rating				
	A Points	B Items Completed	A ÷ B = Impact Score	Score 1.00-1.49	Score 1.50-2.24	Score 2.25-2.99	Score 3.00-3.74	Score 3.75-5.00
